

TRANSITION AMBASSADORS LEADING THE WAY: Q&A VISITS AND CAMPUS TOURS FOR YEAR 6 STUDENTS

As part of Eastern Fleurieu School's 2025 Transition to Secondary School Program, our brilliant team of Student Transition Ambassadors has taken center stage in helping next year's Year 7 cohort feel welcome, informed, and excited.

Primary Campus Visits

Early in Term 3, Ambassadors kicked off the program with Q&A visits to each of the EFS R-6 campuses and Meadows Primary School. These sessions gave Year 6 students the chance to ask real questions about what to expect in high school — everything from lockers and lunchtimes to homework, teachers, and friendships. There were plenty of laughs, thoughtful questions, and reassuring answers — all delivered with kindness, honesty, and good humour.

"In Term 3 Week 4, our amazing team of Transition Ambassadors took a trip over to the Strathalbyn R-6 campus for a very successful Q&A session with the students. There were laughs, great questions, and overall a really good vibe. The next week was an exciting one again — some Ambassadors visited Langhorne Creek campus and Meadows Primary School, while others went to Ashbourne and Milang campuses. Both were a massive success in helping educate our next group of Year 7s about how high school operates." (Max, Transition Ambassador Mentor)

7 - 12 Campus Tours

Across Weeks 7 - 9, Ambassadors led small-group tours of the 7-12 Campus, guiding students through classrooms and shared spaces like the canteen and yard areas. These familiarisation tours were designed to help students start picturing themselves at high school — and to ease some of the natural nerves that come with big transitions.

"After a few weeks of hard work, our tours kicked off in Week 7. Students started to understand so much about high school, they could have led the tours themselves! With all seriousness, the tours were great — fresh faces and a few 'I remember you!' moments helped students quickly learn the school like the back of their hand." (Max, Transition Ambassador Mentor)

A huge thank you to our ambassadors for being such relatable, enthusiastic, and empathic role models — and to staff supporting Year 6 students across all campuses who helped bring this to life.

The transition to high school can feel like a big leap — but with the right support, it's one our students can take with confidence, curiosity, and a sense of belonging.

"Well, what a transition process it has been so far! There's still lots to go, but heaps in the rear-view mirror. We hope every Year 6 student coming to our school next year feels safe and, in a position, to be their best self." (Max, Transition Ambassador)

We look forward to the next steps in the 2025 Transition Program!

Kind regards

The 2025 Transition Team
