

A message from the Director of Secondary Education

Another year begins with COVID restrictions for our students and again the student cohort of EFS 7-12 Campus have been brilliant! This is the third year in a row that our students have faced the adversity of undertaking their studies during a pandemic and they continue to amaze me with their resilience.

With the continued easing of restrictions, as the year has progressed, there has been more activities for students to be involved in across a variety of curriculum areas. We have seen an increase in the number of excursions into the community; Art Gallery, Universities, Cleland National Park, Central Market and locally, to name just a few.

School sport has seen a resurgence with our students participating in a variety of sports across the year with some truly fabulous results, including a Sports Day and River Run.

School is, and always will be a place for staff and families to work together for the benefit of young people. The most pleasing change this year is being able to have our parents/carers and families back onsite. This has seen face to face Learning Conversations, Course Counselling, performances, and graduation celebrations which have included family.

Our Year 12 Formal was again held at Lake Breeze Winery at the completion of term 2 and was a huge success. The students all looked amazing, and the student led formal committee, and senior years staff, should be commended for the planning that went into ensuring the event was a night to remember.

At the time of writing this article our Year 12 students were about to commence their 2022 school exams. We wish all our Year 12 students and families the best of luck with their time after EFS.

Tanya Wilson,
Director of Secondary Education

7-12 Campus
